Statement by Chairman Randal L. Gaines of the Louisiana Legislative Black Caucus about Kenner Mayor's Directive on Nike, Inc

Baton Rouge, Louisiana, September 11, 2018 - Elected officials should strictly refrain from using their philosophical and political viewpoints to direct public policy. Such actions are contradictory to the best interest of the people they have been elected to represent. Governmental actions should adhere to the rule and spirit of the law and be based on progressive fiscal policies and constructive administrative directives.
